

JULY 2018

The Georgia Manufacturing DIRECTORY

The #1 Resource For Georgia's Manufacturing Community

Why is the Georgia Manufacturing Directory needed? Manufacturers struggle to find the quality suppliers, products, and services they need. When given a choice, most prefer to support their local economy and buy from companies in their area.

What information is provided by the Directory? This membership directory is a list of quality manufacturers and proven service providers in Georgia. These companies work together through the Georgia Manufacturing Alliance to develop a network of resources to grow manufacturing jobs throughout the state.

Who uses this Directory? Manufacturers, suppliers, service providers, economic developers, and general consumers know this is the #1 resource for the manufacturing community. Some will use it as a catalog to identify suppliers and others will use it as a sales tool. Either way, Georgia manufacturers win.

BONUS DISTRIBUTION: TO 1,000 ATTENDEES AT THE GEORGIA MANUFACTURING SUMMIT - OCTOBER 10TH - COBB GALLERIA

2,500 copies in print
